**Notice to Dividend Reinvestment Plan Participants:**

When additional shares are issued by Source Capital under the Automatic Reinvestment Plan at a discount from the market price, a participant in the Plan is treated for federal income tax purposes as having received a taxable distribution equal to the market value of the shares purchased. In effect, the discount from market price at which shares are purchased is added to the amount of the cash distribution to determine the total value of the taxable distribution. Such value also becomes the participant's tax basis for the shares purchased under the Plan.

For the year ended December 31, 2023 none of the distributions paid were reinvested at a discount from the market price.

**State Tax Information:**

0.00% of the amounts reported in column (1) were derived from U.S. Treasury Securities.
