

FPA Donates to FireAid in Support of Los Angeles Area Relief Efforts

LOS ANGELES, February 18, 2025 — In support of our community, recently devastated by wildfires, FPA has contributed \$100,000 to FireAid.

FireAid is a non-profit organization focused on disaster relief efforts related to the recent Los Angeles wildfires. We appreciate that all FireAid donations will be distributed under the advisement of the Annenberg Foundation towards short-term relief efforts and long-term initiatives to prevent future fire disasters throughout Southern California.

Steve and Connie Ballmer's generous matching contributions will double the impact of our and other donations to FireAid. To learn more about FireAid, and have your donation matched by the Ballmers, please visit <https://fireaidla.org/>.

FPA, in turn, will continue to match our employees' donations to charitable causes related to the wildfires under our firm's Matching Gifts Program.

About FPA

First Pacific Advisors, LP ("FPA"), is a Los Angeles-based institutional money management firm that practices a disciplined approach to value investing. It prudently seeks superior long-term returns while maintaining a focus on capital preservation. As of December 31, 2024, FPA managed approximately \$27 billion across multiple strategies. More information on FPA is available at <https://fpa.com>.
